our story

Single-vineyard wine

Each CRFT wine is made with grapes picked from a single vineyard in the Adelaide Hills or Barossa Valley. This allows you to taste the specifics of each vineyard - the story of site, soil and season.

CRFT is pronounced 'craft', by the way.

NASAA Certified Organic

Wines from our Arranmore Vineyard – where you're sitting right now – have been grown organically since 2016 and are NASAA Certified Organic from 2019 onwards.

Many grapes we source from other South Aussie vignerons are grown using organic principles, and we continue to advocate with our growers for a move to full certification.

Candice & Frewin, winemakers & owners

Candice Helbig and Frewin Ries are both winemakers, who have worked in wine since age 17.

Candice grew up in South Australia's Barossa Valley, Frew on New Zealand's North Island. The wife-and-husband pair created CRFT in 2012, the culmination of a long-held dream to make small-batch, single-vineyard wines.

Every CRFT wine is made here at Arranmore, in the winery beside our Tasting Room.
